Mike,

Apologies for the delay. As you can imagine with a new Governor and a host of new Legislators full of not so new ideas, we have been very busy already in 2019.

Most definitely interested in a coastal get together. Please do not remove the opportunity from your follow-up calendar. I have been telling folks and there is obviously a lot of interest in hearing from you. Let's figure out a date for this month in March or early April to do it.

For starters, I think Santa Barbara is best so as to draw folks from Ventura, Santa Maria, etc. We can definitely make an upcoming Thursday work but I am wondering if a Wednesday might be a possibility, March 27<sup>th</sup> for example? If so, we can use the SB Maritime Museum (closed on Wednesdays) and they have this great new "History of Oil in the Channel" exhibit. Museum Director Greg Gorga has been great working with us on previous meetings and is willing to let us use the Museum to host you.

If not, how about Thursday, March 28<sup>th</sup> or Thursday, April 4<sup>th</sup>? That will give me time to find a location and broadly get the word out.

Also, Call me anytime if you like to discuss further if you have other ideas

Thanks Mike

Bob

Bob, Are you interested in an upcoming Thursday in SB or SM? Or should I remove from my follow up calendar?

Thanks Mike. Early bird too I see!

Will circulate for nominee suggestions. Really appreciate your offer to be a speaker and we are definitely working on putting together a coastal event.

Also, as you know, my boss Cathy is working with Debby Jordan on a meeting with you in your LA office, tentatively April 24<sup>th</sup>, which I plan to attend along with a group of folks (8-10) each from WSPA and CIPA.

Hope all is well and looking forward to seeing you soon. Will you be attending Andy's upcoming COLAB event?

Bob,

Any ideas for candidates? And send me some March, April or May on Thursdays that you would want me to be your guest speaker. Or would you be interested in inviting whomever you would want from industry to meet with me in the EPA LA office on a Thursday late morning?

**Subject:** Seeking CAAAC Nominations

Dear Colleagues,

I am writing to seek your assistance in identifying nominees to be considered for appointment to the Clean Air Act Advisory Committee (CAAAC).

The CAAAC is a senior-level policy committee established in 1990 to advise the U.S. EPA on issues related to implementing the Clean Air Act Amendments of 1990. The CAAAC provides advice to the Agency on critical air quality policy issues during face-to-face meetings and through issue-specific workgroups.

It would be helpful for nominees to have a strong background on air issues. Based on the current members who are leaving, we are in greatest need of representatives from environmental organizations, public interest groups, academia and industry. We also will be filling a couple of spots for representatives from state, local, and tribal government.

In the event you have nominees or questions, please contact the Designated Federal Officer, Larry Weinstock at [weinstock.larry@epa.gov](mailto:weinstock.larry@epa.gov) at (202) 564-9226. This committee is managed by the Office of Air Policy, Program Support within the Office of Air and Radiation. The website for the CAAAC is at <https://www.epa.gov/caaac> . The website includes a formal nomination form, which is also attached.

Vacancies are anticipated to be filled in Late Spring/Early Summer 2019, so please provide nominees as soon as

possible. Thank you in advance  
for your assistance.
